Litteraturliste til temaet Mennesker med behov for komplekse kommunikationsindsatser

Baggrund for søgning

År for søgning: april 2016, senere suppleret med søgning som har givet adgang til referencer, der ligger før 2010.

Tidsmæssig afgrænsning: 2010-2016.

Geografisk afgrænsning: dansk, nordisk, internationalt.

Den samlede litteraturliste

Allen, A. A. & Shane, H.C. (2014). Autism spectrum disorders in the era of mobile technologies: Impact on caregivers. *Developmental Neurorehabilitation*, 17 (2): 110-114.

Barnes, C. S. et al (2011). An evaluation of strategies for training staff to implement the picture exchange communication system. *Research in Autism Spectrum Disorders*, Vol. 5(4): 1575-1583.

Bartfai, A. & Boman, I.L. (2014). A multiprofessional client-centered guide to implementing assistive technology for clients with cognitive impairments. *Technology and Disability*, Vol. 26 (1): 11-21.

Baxter, S. et al. (2012). Barriers and Facilitators to the Use of High-Technology Augmentative and Alternative Communication Devices: A Systematic Review and Qualitative Synthesis. *International Journal of Language & Communication Disorders*, Vol. 47 (2): 115-129.

Baxter, S. et al. (2012). Interventions Using High-Technology Communication Devices: A State of the Art Review. *Folia Phoniatria Et Logopaedica*, Vol. 64 (3): 137-144.

Beukelman, D. & P. Mirenda (2005). *Augmentative and alternative communication: Supporting children and adults with complex communication needs* (3. Udg.). Baltimore: Paul H. Brookes Pub.

Björck-Åkesson, E. et al. (2013). *Fælles problemløsning: En metode til implementering af kommunikations-hjælpemidler*. Tåstrup: Hjælpemiddelinstittet.

Blackstone, S. W. & M. Hunt Berg (2006). *Social Networks. En kommunikationsoversigt til mennesker med komplekse kommunikationsbehov og deres kommunikationspartnere: Manual*. Virum: VIKOM.

Blackstone, S. et al (2007). Key principles underlying research and practice in AAC. *Augmentative and Alternative Communication*. Vol. 23(3): 191-203.

Boesch, M. C. et al. (2013). Comparative efficacy of the Picture Exchange Communication System (PECS) versus a speech-generation device: Effects on requesting skills. *Research in Autism Spectrum Disorders*, Vol. 7(3): 480-493.

Bornman, J. & J. Murphy (2006). Using the ICF in goal setting: Clinical application using Talking Mats. *Disability and Rehabilitation: Assistive Technology*, Vol. 1(3): 145-154.

Boyd, T. K. et al. (2015). Evaluating iPad Technology for Enhancing Communication Skills of Children With Autism Spectrum Disorders. *Intervention in School and Clinic*, Vol. 51(1): 19-27.

Buchholz, M. et al. (2016). *Including persons with complex communication needs in research – a methodology based on Talking Mats*. Presentation at ISAAC 2016, Toronto, www.isaac-online.org.

Cameron, L. & Murphy, J. (2000). *Making choices at the time of Transition for Young People with a Learning Disability*. AAC Research Unit, Department of Psychology, University of Stirling.

Cameron, L. & J. Murphy (2002). Enabling young people with a learning disability to make choices at time of transition. *British Journal of Learning Disabilities*, Vol. 30(3): 105-112.

Cihak, D. F. et al. (2012). The Use of Video Modeling With the Picture Exchange Communication System to Increase Independent Communicative Initiations in Preschoolers With Autism and Development Delays. *Focus on Autism and Other Developmental Disabilities*, Vol. 27(1) 3-11.

Coakes, L. A. (2006). *Evaluating the ability of children with social emotional behavioural and communication difficulties (SEBCD) to express their views using Talking Mats*. Final report to NHS Forth Valley.

Conklin, C. G. & G. R. Mayer (2011). Effects of Implementing the Picture Exchange Communication System (PECS) With Adults With Developmental Disabilities and Severe Communication Deficits. *Remedial and Special Education*, Vol. 32(2): 155-166.
